PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in Java, Spring Boot, REST APIs, MySQL, and backend development. Experienced in developing backend features, modifying database schemas, testing REST APIs, and working with Git in a collaborative development environment. Seeking an entry-level position to apply my technical skills, contribute to scalable applications and deliver efficient software solutions.

EDUCATION

Sathyabama Institute of Science And Technology — **7.03 CGPA**
B.E. in Computer Science and Engineering (IoT) — (2022 - 2026)

Sasi New Gen Junior College — **75.6 %**
Class XII — (2020 - 2022)

EXPERIENCE

HLT SOLUTIONS

Junior Java Developer Intern — **Feb 2026 – Present**

- Contributed to the development and maintenance of a Spring Boot-based e-commerce backend using Java, Spring Boot, and MySQL.
- Developed and modified REST APIs and backend features, and tested API functionality using Postman.
- Worked on database schema updates, JPA entity relationships, bug fixes, and feature enhancements in an existing codebase using Git for version control.

PROJECTS

AI-Based Speech Signal Analysis for Heart Failure Detection

- Developed an AI-based system for heart failure detection using speech signals and acoustic biomarkers.
- Applied CNN and SVM models to MFCC and prosodic speech features for health classification.
- Built a preprocessing and feature extraction pipeline for speech-based health monitoring.

Smart Parking System

- Developed an IoT and computer vision-based smart parking system to detect parking availability using sensors and cameras.
- Integrated a mobile app and digital display interface to guide drivers to available parking spaces.
- Designed the system to combine sensor and camera inputs for identifying available parking spaces.

TECHNICAL SKILLS

- **Languages:** Java, SQL
- **Backend:** Spring Boot, REST APIs, JPA
- **Database:** MySQL
- **Tools:** Git, GitHub, Postman, IntelliJ IDEA
- **Web:** HTML, CSS, JavaScript

LEADERSHIP & ACTIVITIES

Technical Team Member — Developer Student Club

- Coordinated technical events and activities as part of the student technical team.

CERTIFICATIONS

- Basics and Structure of Java Programming (2025)
- Tech Knots – Product Development & Design Using IoT (2024)
